Firozabad, INDIA

Accessibility Specialist with **4.5+ years** of experience in **digital accessibility consulting, accessibility auditing, remediation, and compliance** across **web, mobile, desktop, AR/VR, and document platforms**. Expertise in **WCAG 2.2, Section 508, EN 301 549, PDF/UA, WAI-ARIA, HTML, CSS, JavaScript, JAWS, NVDA, VoiceOver, and TalkBack**. Skilled in **issue reproduction, root cause analysis, accessibility guidance, and stakeholder collaboration** throughout the product lifecycle.

TECHNICAL SKILLS

- **Standards & Compliance:** WCAG 2.0/2.1/2.2(A,AA,AAA), Section 508, ADA, EN 301 549, EAA, MAS, PDF/UA, VPAT Creation, WAI-APG (Authoring Practices Guide).
- **Assistive Technology:** JAWS, NVDA, VoiceOver (iOS), TalkBack (Android), ZoomText, Dragon Naturally Speaking.
- **Testing Tools:** Axe, WAVE, Lighthouse, Accessibility Insights, ARC Toolkit, BrowserStack, SeeTest/Experitest, Color Contrast Analyzer.
- **Testing Methodologies:** Screen Reader Testing, Accessibility Audits, Accessibility Investigation, Issue Reproduction, Root Cause Analysis, Accessibility Reviews, Accessibility Defect Triage, Regression Testing, Manual Testing, Usability Testing.
- **Automation & Development:** HTML5, CSS, WAI-ARIA, Java, Selenium WebDriver, TestNG, JIRA, Azure DevOps (ADO), CI/CD Accessibility, Agile/Scrum.
- **Design & Document:** Adobe Acrobat Pro (PDF Remediation), MS Office Accessibility (Word, PowerPoint).

KEY ACHIEVEMENTS & RECOGNITION

- **Barclays Knowledge Champion:** Formally recognized as the "Knowledge Champion" at **Barclays** for driving team capability and facilitating effective **Knowledge Transfer (KT)** sessions.
- **Remediation Excellence:** Commended by clients for providing precise **code-level remediation** (HTML/CSS/ARIA) for critical accessibility bugs and resolving complex issues.

PROFESSIONAL EXPERIENCE

Magic EdTech | Team Lead | February 2026 – Present

- **Client Consultation & Requirement Analysis:** Team Lead and Accessibility Consultant for **Edmentum Learning**, collaborating with clients to understand business requirements, gather project documentation, and define accessibility audit strategies aligned with **WCAG 2.2, Section 508, ADA, and EAA** standards.
- **Leadership & Delivery Management:** Lead a team of accessibility auditors and testers, assigning tasks, monitoring deliverables, and ensuring timely delivery of **accessibility audit reports** across **web, mobile, tablet and document platforms**.

- Accessibility Audits, Investigation & Compliance: Conduct end-to-end accessibility audits and investigate accessibility issues using **JAWS**, **NVDA**, **VoiceOver**, and **TalkBack**. Reproduce accessibility defects, identify root causes, and provide detailed recommendations aligned with **WCAG 2.2**, **Section 508**, and **WAI-ARIA**.
- Accessibility Defect Management: Identify, reproduce, triage, prioritize, and validate accessibility defects while collaborating with developers and remediation teams to resolve customer-impacting accessibility issues through regression testing.
- Documentation, Knowledge Sharing & Stakeholder Collaboration: Created accessibility audit reports and remediation guidance, conducted KT sessions, and collaborated with clients, product owners, developers, designers, QA teams, and business stakeholders throughout the product lifecycle.

HCLTech | Lead Engineer | Oct 2024 – February 2026

- Accessibility Consulting: Worked closely with customers, business stakeholders, product owners, designers, and engineering teams to provide accessibility guidance throughout design, development, testing, release, and maintenance.
- Leadership & Process: Manage a **team of 10+ engineers**, implementing standardized **Accessibility Testing Processes** and checklists that resulted in a **20% increase in team productivity**.
- Accessibility Testing & Document Remediation: Conducted accessibility testing on web, mobile, and documents using BrowserStack, SeeTest, JAWS, NVDA, and VoiceOver while leading remediation for PDF and Microsoft Office documents.
- Accessibility Investigation & Defect Resolution: Investigated, reproduced, triaged, and prioritized accessibility defects using **JAWS**, **NVDA**, **VoiceOver**, **BrowserStack**, **JIRA**, and **Azure DevOps**, partnering with development teams to resolve customer-reported accessibility issues.

HCLTech | Software Engineer (Senior Accessibility Auditor) | Sep 2022 – Sep 2024

- Revenue Impact: Contributed to **Proof of Concepts (POCs)** demonstrating technical depth, helping generate **~USD 1 Million in revenue** through successful project wins.
- Accessibility Reviews & User Testing: Conducted accessibility reviews and user testing across **web**, **mobile**, and **AR/VR** platforms using assistive technologies to identify barriers and improve user experience.
- Compliance Reporting: Authored **6+ VPATs** (Voluntary Product Accessibility Templates) and conformance reports to support procurement and client transparency.
- **Accessibility Advocacy & Automation**: Delivered KT sessions, promoted accessibility best practices, and leveraged Axe and Lighthouse to improve testing efficiency within Agile environments.

HCLTech | Accessibility Test Engineer (Intern) | Aug 2021 – Aug 2022

- Microsoft Engagement: Validated web and desktop applications against **Microsoft Accessibility Standards (MAS)** and **WCAG 2.1**.
- Test Automation: Executed automation scripts using **Java**, **Selenium WebDriver**, and **TestNG**, contributing to improved regression efficiency and test coverage.

EDUCATION

- **Bachelor of Computer Applications (BCA)** | Amity Online University | 2025 | Grade: **8.41/10**
-

CERTIFICATIONS

- **Certified Trusted Tester (Section 508)** – U.S. Department of Homeland Security (DHS)
- **Fast Track to Accessibility for Non-Technical Roles** – Deque University
- **Testing Accessibility of Apps** – Abra Academy
- **Technical Support Fundamentals** – Google
- **IAAP CPACC** – Currently Pursuing
